Dog behavior is the internally coordinated responses of individuals or groups of domestic dogs to internal and external stimuli. It has been shaped by millennia of contact with humans and their lifestyles. As a result of this physical and social evolution, dogs, more than any other species, have acquired the ability to understand and communicate with humans and they are uniquely attuned to ...

A third-person pronoun is a pronoun that refers to an entity other than the speaker or listener. The English pronouns he and she are third-person personal pronouns specific to the gender of the person (not to be confused with grammatical gender). The English pronoun they is an epicene (gender-neutral) third-person pronoun that can refer to plural antecedents of any gender and, informally, to a ...
