Review of Lars Johanson, Structural factors in Turkic

Structural decay und death While this may seem evident, there is a long tradition regarding language death as a result of structural decay. The comparative linguists of the nineteenth century conceived of language as an organism with a predestined life cycle, consisting of birth, development to a Golden Age, and finally decay and death.

Do - Turkic languages

may result in aesthetic, functional, or structural problems. Concrete can deteriorate for a variety of reasons, and concrete damage is often the result of a combination of factors. The following summary discusses

potential causes of concrete deterioration and the factors that influence them. CORROSION OF EMBEDDED METALS

Types and Causes of Concrete Deterioration - cement.org
