

the iso geometrical product pdf

ISO 1660:2017 gives the rules for geometrical specifications of integral and derived features, using the line profile and surface profile characteristic symbols as defined in ISO 1101.

ISO 1660:2017 - Geometrical product specifications (GPS)

ISO 1:2016 defines the concepts of a reference temperature and of the standard reference temperature, and specifies the standard reference temperature value for the specification of geometrical and dimensional properties of an object.

The real geometry of a workpiece has including their micro- and macro-geometrical deviations an effect on the one hand to the functional behaviour and on the other hand to the real geometry marks of the whole manufacturing process.
