The Ultra Violets are like the Powerpuff Girls and Johnny Test in print -- sugary, high energy, and flirting with stereotypes. Readers may find that 300-plus pages of this episode is a tad too long, with the author filling valuable page space with endless manicure references for one character; multiple shows of brash, tom-boyish behavior from another; obsessive "bouncing curls" references for another, and never-ending moping from the one who is obviously going to turn to the dark side.

Ultraviolet is so incredibly original. It was an absolute pleasure to read. The writing is well crafted, elegant, colorful, and beautifully descriptive. It has a captivating quality and I was hooked right from the start. Ultraviolet is the story of a very special teenage girl. Alison finds herself in a psychiatric hospital ward.
